Summary of reasons for classification:

The Blu-ray disc *Superbad: Extended Edition (Disc 1)* is classified as: Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years.

The Blu-ray disc contains a feature film previously classified under the Films, Videos, and Publications Classification Act 1993. It was classified "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 16 years" with the descriptive note, "Offensive language, sexual material and other content that may offend". This decision (OFLC 701445) was registered on 09 July 2007.

Superbad: Extended Edition (Disc 1) contains some extended scenes in the feature and also contains three additional components and five trailers promoting other features. The extra material in the feature and the additional components do not require the Blu-ray disc to be given a different classification to that of the film originally examined.
